Features:

500MHz working frequency (CAT6A, Class EA)

25-years manufacturers warranty

LSA type connections

Connections coding according to TIA 568A and 568B

Shielded

Grey and black colour options

PRODUCT DESCRIPTION

Our CAT6A punch down patch panels offer a reliable solution with easily identifiable module colour coding, basic cable management, termination point cover guard and 1 to 24 number coded front facias. We use a high-quality powder coating technique to give our panels a premium look and feel.

We offer our panels in either Grey or Black and shielded/unshielded configurations. All panels will be delivered with mounting kits, cable ties and earthing ports (where applicable).

CONFORMS TO:

- EN 50173-1:2013
- ISO/IEC 11801 Edition 2.2
- ANSI/TIA-568-C.0/C.1/C.2
